

# Corvette GM Performance Exhaust

GM Performance Exhaust is now available for the 2005 Corvette.

The GM Performance Exhaust System replaces the factory-installed system, adding a deeper exhaust note and both adjustable and interchangeable exhaust tips, which allow the Corvette owner to take vehicle personalization to the next level.

## CONSUMER BENEFITS

### Quality:

- The GM Performance Exhaust System and Tips are made of high-quality T-304 Stainless Steel. Unlike other exhaust systems (400 series stainless steel) that permit surface corrosion but not complete rust-through, T-304 Stainless Steel discourages corrosion altogether.
- The ONLY GM-Approved Performance Exhaust System.

### Peace of Mind:

- Fully backed by GM. Lifetime Warranty to the original purchaser, or balance of the New-Vehicle Warranty for subsequent owners when installed by GM Dealer prior to New-Vehicle Delivery. 12 months or 12,000 miles, whichever occurs first, when installed by GM dealer after New-Vehicle Warranty. 12 months (parts only) when installed by other than GM dealer.

### Personalization:

- Adjustable and Interchangeable Exhaust Tips allow for total exhaust personalization!
- Features the "Genuine Corvette Accessory" logo

## GM PERFORMANCE EXHAUST SYSTEM INCLUDES:

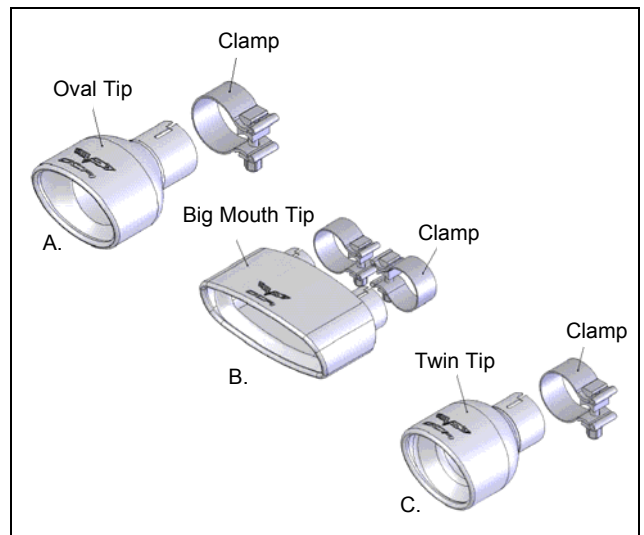

- Muffler Assembly (1)
- Left Over-axle pipe (1)
- Right Over-axle pipe (1)
- 2.50" Clamp (2)

## THREE EXHAUST TIP OPTIONS

- A. Oval Tip Kit and Clamp
- B. Big Mouth Tip Kit and Clamp
- C. Twin Tip Kit and Clamp

TWIN TIP SHOWN
